

# Welcome to Wrocław!

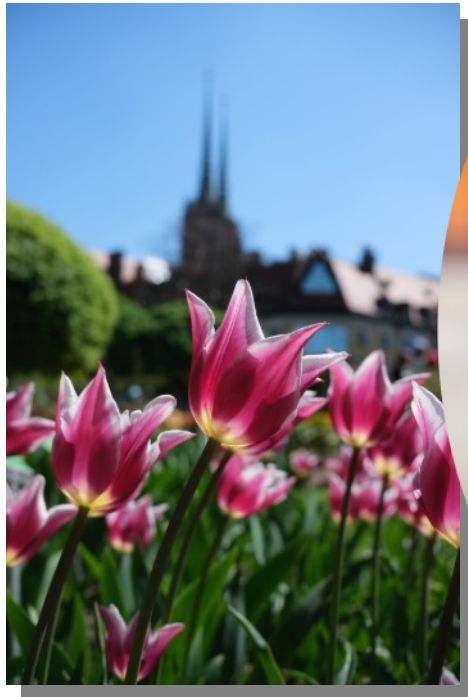

# Wrocław, Poland

## Capital of the province of Lower Silesia

We are looking forward to exploring the city of Wrocław together with you. With just under 650,000 inhabitants, it is the third largest city in Poland.

During the communist era, citizens erected small dwarfs in the city to express their criticism. Today, almost 1,000 are scattered throughout the city.

## University

The Universitas Wratislaviensis was founded in 1702. Here we visit the Aula Leopoldina.
